PROFESSIONAL SUMMARY

React.js Developer and Project Management professional with a Bachelor of Science in Computer Science background. Robust experience in Information technology and Odoo ERP customization. Specialized in Front end development, building responsive Web Applications using Webpack, Redux, and HTML CSS architectures. Proven ability in Root Cause Analysis and translating complex client requirements into scalable technical solutions.

WORK EXPERIENCE

Frontend Developer and Production Manager

Aug 2025 to Present

TimeWarp Animation

Remote

- Lead the Front end development of official Web Applications using React.js, Redux, and Webpack, ensuring optimal performance.
- Orchestrate complex production workflows by negotiating timelines and building consensus across cross-functional teams.
- Designed modern User interface layouts using HTML, CSS, and Tailwind, delivering a high quality user experience.
- Implemented unit testing using Jest and Mocha to ensure code stability, applying rigorous Root Cause Analysis to bugs.

Odoo Consultant and Developer

Aug 2022 to Mar 2023

Softhard

Remote

- Engineered custom ERP Web Applications using Python across Odoo versions 12, 13, and 14, adapting rapidly to version changes.
- Diagnosed and resolved critical technical issues through systematic troubleshooting, reducing system downtime.
- Authored comprehensive documentation to facilitate user adoption of new Information technology solutions.

Odoo and Frontend Developer

Sep 2019 to Jun 2022

Bloomcker

Remote

- Developed dynamic client Web Applications using React.js, utilizing detailed Requirement Elicitation to meet client needs.
- Implemented backend business logic and XML views for Odoo 13, streamlining enterprise resource planning.
- Optimized Front end development performance using advanced CSS and HTML techniques to meet bespoke design requirements.

TECHNICAL PROJECTS

Icy Silence Cinematic | *Project Management*

2025

- Managed technical pipelines and production schedules for a high fidelity animation entry in the Dota 2 Short Film Contest.

Odoo Custom Architecture | *Python, XML, PostgreSQL*

2023

- Designed and deployed modular backend extensions for Odoo ERP, automating complex business rules.

International Client Portfolios | *React, Material UI*

2022

- Built and deployed responsive web portfolios, focusing on mobile first User interface design and SEO optimization.

Linux System Optimization | *System Administration*

Ongoing

- Executed rigorous testing and performance tuning of Linux distributions to create optimized coding environments.

SKILLS AND COMPETENCIES

Languages: Python, JavaScript, SQL, HTML, CSS
Frontend: React.js, Redux, Webpack, React Native, Tailwind CSS, Bootstrap, Material UI
Backend: Node.js, REST API Architecture, Odoo Framework
Testing and Tools: Jest, Mocha, Git, GitHub, GitLab, Visual Studio Code
Core Competencies: Root Cause Analysis, Requirement Gathering, Cross-functional Leadership, Rapid Adaptation

EDUCATION

Bachelor of Science in Computer Science	Expected July 2026
<i>Central University of Venezuela</i>	<i>Caracas, Venezuela</i>

LANGUAGES

Spanish: Native English: Intermediate (B1)
